Subject: RAGB Financial Workgroup- Direction needed from the Governing Board.

Executive Summary:

The NORCOM Governing Board Treasurer represents NORCOM on the King County Regional Advisory Boards Financial Workgroup. The Financial Workgroup has been charged with examining the current financial structure and challenges facing the E911 Program Office and identify possible solutions, which might include a new funding formula for the E911 levy distribution. After much analysis, the Work Group has proposed three possible financial decision paths going forward. The NORCOM Treasurer seeks direction from the Governing Board in the selection which best serves NORCOM's interests.

Background:

King County Ordinance #18695 was passed on April 26, 2018, adopting the King County Regional E-911 Strategic Plan. The plan identified a Governance and Decision Structure supporting the regional 911 system. This structure is referred to as the *Regional Authority Governing* Board (RAGB). The King County E911 Program Office has advised PSAPs of possible future financial hardships and proposes to identify a new funding model. In an effort to examine alternative funding formulas, the RAGB formed a Financial Workgroup. NORCOM's Governing Board Treasurer is currently our primary representative.

Past Board or Other Related Actions:

None

Policy and Strategic Implications:

The E911 levy pass-through funding to NORCOM funds several full-time dispatch employees and technical staff. Should the funding formula change significantly, NORCOM will face a difficult challenge in funding these FTE positions. It is likely that this will result in a reduction in staff or increased customer fees.

NORCOM Staff Recommendation:

NORCOM Staff has conducted a thorough review and notes that the workgroup has offered three funding reduction choices, beginning in 2021. Staff further notes that the proposed changes are necessary to support the costs of a new 911 system platform, the cost of which is yet undetermined. Staff recommends a fourth option in which the reduction in PSAP funding is delayed until necessary and existing fund balances are used to offset any current needs.
